Is dit veilig?

Elektroniese biblioteke is wêreldwyd aan die toeneem en selfs in Suid Afrika het van die privaatskole (St. Mary's, St. Stithians, Rodene, ens.) dit alreeds geïmplementeer. Een van die voordele van die elektroniese biblioteek is dat die boeke in 3 ouderdomskategorieë opgedeel is. Kinders kan nie toegang tot boeke kry wat nie vir hulle bedoel is nie. Die kategorieë is "Juvenile"(0-12 jaar), "Young Adult" (13-16 jaar) en "Adult"(17 jaar en ouer).

Is the material safe?

Electronic libraries are becoming more popular all over the world. In South Africa many private schools (St. Mary's, St. Stithians, Rodene, etc.) have already implemented their own electronic libraries. One of the advantages of the electronic library is that books are divided into three age categories. Young children only have access to books that are age appropriate. The categories used are: Juvenile (0-12 years old); Young Adult (13-16 years old) and Adult (17 years old and above).

Hoe sal dit werk vir 'n Leersentrum?

Elke leerling benodig steeds sy eie individuele lidmaatskap. Die biblioteek is so saamgestel en uiteengesit sodat dit vir individue toegang gee en nie vir 'n spesifieke leersentrum nie. Die voordeel wat 'n leersentrum uit die aanlyn biblioteek kan verkry, is dat ons die bepaalde boeke wat deur die sentrum versoek word, in genoegsame hoeveelhede aanhou vir hulle leerlinge. Die leerlinge het dan toegang tot hulle spesifieke boeke en ook al die ander boeke in die biblioteek. Ons glo dat hierdie 'n bekostigbare alternatief is.

How will it work for a cottage school?

Each student will still require their own individual membership and unfortunately (due to our agreements in place) we cannot set up a specific library for the cottage school. The advantage for a cottage school would be that they can request us to stock specific material in sufficient numbers for their students. Not only will their students have access to these requested books but to all the other books in the library as well. We believe that this is a viable alternative to the purchase of books by the cottage school/parents.
