

## NATIONAL CURRICULUM-LINKED ASSESSMENT– INTERMEDIATE PHASE

Name: M, D

Grade: 6

Age: 11

The National Curriculum sets out what must be learnt and mastered in various areas at different Grades. This test is the only independent measurement of whether these prescribed standards are being met. This report gives information about your child’s scores in this test. Because of limited time, not everything has been tested, but the summaries below indicate what parts of the curriculum were included in the test.

In reading this report, please be aware that different parts of the curriculum may be handled at different times of the year. The grade levels reached also depend on the effort your child is making.

LANGUAGE	What was tested for each Grade	Currently busy with Grade level
Listening and understanding	4. Question words; Remembering detail 5. Taking dictation; Hero's motives 6. Main point of story; Coherence of story	7
Reading with understanding		4
Writing		4
Language structure		4

The strongest language area measured was **Listening and understanding**. Extra work may be needed on **Reading** to bring it up to the same standard as the rest of the work.

**Handwriting:** Good

**Spelling:** Good

### MATHEMATICS

Numbers and arithmetic		5
Patterns and algebra		4
